Castle of Performing Arts

Freelance Colorist

Jan 2006 – present
 Working on color for a wide variety of national & international film projects (Commercials, Documentaries, Features, Mood films, Art films, Music video's) and clients. I love the variety of projects and people and the different challenges they bring.

For my recent work please check my website.

July 2008 – present

Castle of Performing Arts

Multimedia Designer & Artist

Working on a multitude of visual concepts with different media for a wide variety of people. Providing mood films, identity & stationary design, webdesign, web development and WordPress integration (content management system). I often work closely with other professionals to ensure technical feasibility and correct design implementation.

Sep 2013 – Present

Castle of Performing Arts

Trainer Color Grading

Offering custom made courses for those who want to learn more about Color Grading and/or want to become a colorist and/or learn new skills, using my own material 'Castle's Color Guide'.
